Dear MR BELLAS

Thank you again for providing your time and insights to Mary  and myself in our recent discussion. We greatly appreciate your assistance.

Key points from our conversation will be used in informing the ATO planning and decision making in respect of tax planning risks and the other areas of tax administration and practice that our discussion covered.

In the meantime if you have concerns about market activity in aggressive tax planning involving self-managed superannuation funds please contact Mary  or Nathan

Yours sincerely,

Stuart Forsyth  
Assistant Commissioner  
SMSF Segment  
Superannuation Business Line  
Australian Taxation Office
